MORE PROTECTION, MORE PERFORMANCE

LIGHTTECH SPORTS FILTERS MORE PROTECTION, MORE PERFORMANCE

Designed to optimize and increase the air flow intake, Lighttech air filters ensure high filtering power and prolonged engine life. Conceived for motorcycles and scooters, they replace the original parts, significantly increasing performance

Composed of four layers of cotton gauze held between two sheets of aluminium mesh, high flow filter elements are shaped and oiled to enhance filtering capabilities. Built to last the lifetime of the engine, Lighttech airfilters are washable and reusable. Developed in collaboration with the best racing teams to ensure more power, better performance and remarkable protection.
